FOR RELEASE JUNE 28, 2002

## 12-bolt Rear Housing

Randy's Ring & Pinion is proud to announce a full line of GM 12-bolt passenger car housings to fit many applications. These housings are available with the conventional c-clip style ends or the bolt-in type to give you many custom options. Whether you have a Chevelle or a late model F-body car you can upgrade your 10-bolt for more strength. Call Randy's Ring & Pinion today and ask about the new 12-bolt housing along with the 33-spline axle and Pozi upgrades.

Editor's Contact: Dianna Lyn, at (800) 291-1360 ext. 5516, or visit our Web site at <http://www.ringpinion.com>.
